

Maintenance Mechanic III needed at Domaine Carneros!

Do you have an aptitude for all-things-mechanical? Are you excellent at troubleshooting and solving problems? Do you like being busy and knowing that the hard work you do has a huge impact on a business? Then this is the job for you!!

You may have passed by our winery or sipped a bit of Sparkling from our Chateau that overlooks the Carneros region. Now imagine working here among a friendly and devoted staff and for a Company that values its employees and our Open Book Management concept. Great benefits, competitive wages + bonus, and amazing wine! What else could you ask for?

We are looking for a self-motivated “go getter” that has a minimum of 4 years of experience in all or some of the following: electrical, plumbing, wastewater, potable/drinking water, pumps and motors, and refrigeration. Prior winery mechanical or bottling line experienced is desired for this role. OSHA and operational safety knowledge is key. All qualified candidates must have a valid CA Driver’s license.

The Maintenance Mechanic III will perform repairs, modifications and preventative maintenance on buildings, facilities, equipment, fixtures and systems. D1 certification or wiliness to be trained/certified, and micro grid knowledge or experience a plus. The right candidate must be able to prioritize, communicate well with co-workers, vendors, and be willing to cross train and share skills and knowledge with peers. Ability to speak English and Spanish is also desired.

Our Maintenance team is proactive and always focused on creating efficiencies that have a great impact on our winery as a whole. So if you want to join a team that is taking our facility, operations and our equipment to the next level, then apply now!
