ABOUT OUR LE RÊVE ROSÉ

Available for a brief time each holiday season, this gorgeous Rosé is an elegant show stopper. More than any of our other Sparklings, it reflects the vintage as expressed in a few distinguished blocks of Chardonnay and Pinot Noir.

TASTING NOTES

This wine is created from two different Pinot Noir components: classic base wines without skin contact and base wines that undergo maceration for a few days for color extraction. This second component is essential to the delicate fruitiness and color. Most other producers of Rosé have still red wine added and most often the wines with this procedure produces a flavor memory that is not to our palate. We strive for a seamless, elegant, lightly fruity wine that has nothing in common with red wine.

Composed of our best estate Pinot Noir and Chardonnay, its soft coral hue is derived from its brief contact with the Pinot Noir skins. The alluring nose brims with apricot, grapefruit, and hints of rose and ginger. The palate unfolds seamlessly- crushed cherry, fresh strawberry, and baked peaches- sailing on bright acidity, finishing long and round with hallmark Carneros minerality. This is a stunning wine that drinks beautifully now but will age gracefully for those with the patience to wait.
