

## Warehouse Fulfillment Manager needed at Domaine Carneros!

You may have passed by our winery or sipped a bit of Sparkling from our Chateau that overlooks the Carneros region. Now imagine working here among a friendly and devoted staff and for a Company that values its employees and our Open Book Management concept.

The Warehouse Fulfillment Manager is responsible for all warehouse operations, inventory and DTC fulfillment. This position oversees the staff and day to day operations of the warehouse, ensuring compliance, accuracy and our high quality standards of shipments for all consumer direct sales. This role works closely with other departments to forecast the demand of product and supply and keenly focuses on continuous improvement of processes, systems and vendor relations to ensure that the most cost effective and efficient standard operating procedures are followed. This position is responsible for maintaining license renewal for all DTC shipping states, label registration as required by state and serves as back-up for all winery DTC state compliance. As the leader of the Fulfillment Department, this role trains and coaches their direct reports to success and actively demonstrates dedication to the career development of the entire Fulfillment team.

Qualified candidates must have a minimum of 5 years' progressive experience working in a shipping and receiving department and eventually into a leadership role; Have a valid CA driver's license; Become forklift certified within first week from hire date; Be safety orientated; Have experience using UPS and Fed Ex software; Have excellent communication skills (both verbal and written) and experience that enables exceptional communication especially under stress; Have a high aptitude for attention to detail, organization, and meeting deadlines; And have experience accurately managing inventory and logistic systems, while possessing competency in the understanding and data mining of relevant and strategic information from such systems.
