

Visitor Center Server needed at Domaine Carneros!

Do you love wine? Do you love storytelling? If you said yes to both, then imagine going to work each day and being able to combine your love of wine with your love of storytelling!

Being surrounded by vineyard covered hillsides of the Carneros region may sell the ambiance of our winery, but our Servers sell our brand through their ability to fully understand the creation of our product and describe its essence, enhancing our guest's tasting experience.

Our Servers are responsible for delivering exceptionally high standards of customer service, educating visitors about our wines, our winery and the Carneros district; signing up new members to the wine club and assisting visitors in the selection and purchase of wines. All Servers work as a cohesive team and are eligible to participate in the Sales Compensation Plan with commissions and bonuses payable based on individual performance.

Qualified candidates will have experience working in a high profile hospitality setting, have knowledge of wine, winemaking, and the Napa/Sonoma area, and have excellent verbal communication skills with the ability to communicate exceptionally especially when confronted with difficult escalated situations.

While our entire Visitor Center team is dedicated to our company, culture and brand, the role of Server is key in portraying exemplary service standards that create a memorable experience for our guests. This position does not become available often, so here's your chance to be a part of our amazing team! Apply NOW by sending your resume to: resume@domainecarneros.com.
